

PRESIDENTS PEN

It is always great to see a steady influx of new Chamber members and see the variety of businesses that are joining. Welcome if you have just joined us, and if you have been a member for some time now, and have not attended one of our events, then do come along - apart from being very social and pleasant events there is always the

chance you will meet someone with whom you will do business with and lets face it, in these lean times, we could all use a bit of extra business.

2012 is going to be a very busy year here in Mole Valley; the development of Cherkley Court, The Olympic Cycle Race and numerous events throughout the year will put the area under the spotlight - so many eyes will be on the region. This means more business opportunities than ever before, so be on the lookout for ways to maximise your potential. Plan ahead and make sure you have all of your marketing material in place. If you need contacts, have a look at the Chamber website and see who can assist you. Finally always try and over deliver - when you are in competition with other similar businesses, ensuring the customer goes away happy and satisfied is the way to keep them coming back for more.

Remember too that we have an abundance of expertise within the Chamber so if a recommendation is required, please feel free to email us and we will be happy to help. So, until next month...

Andy Newbold
President

Please also confirm that you have the authority to make the offer/promotion and that you are happy for it to be publicised.
If you have any queries, please contact Membership Directors Jackie Quinn and Helen Bullen at info@leatherheadchamber.co.uk

SPOTLIGHT ON....

Aligned For Life
CHIROPRACTIC

Aligned For Life
Chiropractic
1st Floor, 2 Bridge Street
LEATHERHEAD
Surrey KT22 8BZ
Tel: 01372 383050
www.alignedforlife.co.uk

Aligned For Life Chiropractic was established in the summer of 2011 by Paul Fraser. The vision of the practice is to empower their patients to live life to the full, with improved mobility and reduced pain, through the use of evidenced based treatment techniques that are drug and surgery free. By getting to the root cause of your issue they can tailor a treatment program that restores proper joint movement and strengthens weakened muscles.

Chiropractic is well known for its ability to treat spinal problems but at Aligned For Life they treat many other conditions including: hip, knee, foot, shoulder, elbow and wrist problems, as well as some types of headache and dizziness.

Chiropractic was often the last resort of many people suffering from joint and muscle pains but the highly effective and risk free nature of treatment has prompted many to seek out their local chiropractor before resorting to drugs and surgery.

SPECIAL OFFER

Aligned For Life Chiropractic is happy to offer Chamber Members a free first consultation that includes examination and treatment.

JANUARY BREAKFAST BLOWS AWAY THE BLUES

The marvellous Menuhin Hall in Stoke d'Abernon, part of the Yehudi Menuhin School, was the venue for the latest Chamber of Commerce Breakfast, where around 40 members and guests enjoyed the spectacular frost coated views and a healthy light breakfast. Manager - Ambie Desoutter - gave a short presentation explaining some of the history of the school and talked about the role it plays in the lives of the talented children who attend.

She was followed by Kat Moore from LeatherHEAD Start, who briefly talked about the hostel in Leatherhead and the plans for improving the opportunities for people staying at the newly refurbished facility - including a photographic project which will help to grow confidence and self esteem, resulting in an exhibition of photographs taken by the Men and Women who attend the hostel.

There followed a short introduction by each of the members and guests, with a distinctly light hearted feel, resulting in more than a few laughs, wrapping up the event with some business card swapping and networking. A big thank you to Ambie and the team at the Yehudi Menuhin School!
