Do you have a special occasion coming up and would like something different to give as a gift?

Do you want to be remembered for having made a memorable speech?

Would you like to market your Company completely differently from the rest?

Do you dread your One Minute Presentation?

Look no further, Poetic Justice On Line can help.

Jenny Hallett is an International Award Winning Poet and writes personalised poetry for any occasion.

Personalised poems can be written for any occasion you wish including Birthdays, Weddings, Anniversaries, Marriage Proposals, Christenings, Retirement, Golf President's and Masonic Speeches.

Poems have also been commissioned (*and have proved very profitable*) for corporate organisations in getting "the message" across in a different and unique way as have one minute networking presentations.

On completion of a Personal Information Questionnaire appropriate to the particular occasion, Jenny will tailor a personalised poem for you.

Once the poem has been devised and the final form agreed, if you so wish (*and if appropriate for the occasion*), it can be printed on scroll paper, affixed with a ribbon and placed in a beautiful white leatherette scroll ready for presentation to the recipient. Many clients choose to read the poem out to enhance the occasion prior to presentation.
